Subject: Revised instructions & model specifications for establishing of Monoplane Cardiac Cath Lab in ESI institutions-reg

Ref: Hqrs Web upload dt 24.02.2021 & 29.10.2021

Reference captioned subject, keeping in context various challenges being faced by user institutions in procurement of Make in India compliant Cath Lab & in supersession of previous web upload issued by ESIC Hqrs on 24.02.2021 & corrigendum dated 29.10.2021, please find attached revised model specifications, instructions & revised cost estimation, duly framed by committee comprising of experts from ESI institutions as well as External Experts from premier Government institutions in adherence to ESIC Medical Equipment Manual, GFR, CVC & Make in India guidelines inter-alia.

These revised model specifications, instructions & revised cost estimation are being issued with the aim to strengthen in-house tertiary care services, provide quality medical treatment to ESI beneficiaries and reduce referral to tie-up Hospitals/institutes.

General instructions: -

1. The ceiling for basic cost of Make in India compliant Monoplane Cath Lab is **Rs.5 Crores (Rupees Five Crores Only) excluding GST, Turnkey component and CMC.**
2. The Committee has recommended revised specifications and cost estimation to broaden the participation of **Make in India** compliant bidders/manufacturers for establishment of Cath Lab (Enclosed).

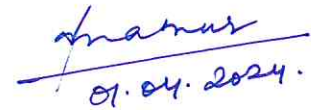

3. Considering that many efforts are being done for establishing Monoplane Cath lab and to facilitate wide participation of MII compliant firms:- minor changes not affecting the core specifications/technology/software etc, upto the ceiling value of 0.5% of the basic equipment value i.e Rs.5 Cr is permitted under the jurisdiction of the Competent Authorities of the field units (Deans/MSs) for facilitation of tendering as per procedure.
4. User institutions are advised to hold pre-bid meeting/ discussions with prospective vendors as part of the tender process.
 - The above is being issued for adherence & utilization at user institutions.
 - Additionally, Dean/MSs are informed to ensure adherence to prescribed procedure, ESIC Medical Equipment Manual, GeM, GFR, CVC, Make in India guidelines inter-alia.

Financial concurrence by F&A, ESIC Hqrs exists in the relevant file.

This issues with the approval Director General.

Encl: Specifications of MII compliant Monoplane Cath Lab
